

FAMILY RESEARCH COUNCIL

FAMILY, FAITH AND FREEDOM

KENNETH L. CONNOR, PRESIDENT

20 Years
1983 - 2003

March 4, 2003

The Honorable John Abney Culberson
United States House of Representatives
1728 Longworth House Office Building
Washington, DC 20515

Dear Congressman Culberson:

On behalf of the families represented by Family Research Council and for our President Ken Connor, I would like to present you with our *True Blue* award for your work during the Second Session of the 107th Congress.

Last October, Family Research Council held a reception honoring many of your colleagues from both the House and the Senate for exhibiting extraordinary leadership and commitment to the defense of family, faith, and freedom. We regret that you were unable to attend, but we understand the demands placed on members of Congress, and we want to affirm your outstanding work last session.

Of the ten votes FRC scored in 2002, you voted the pro-family position every time. Your record on issues of importance to families shows that you are a *True Blue* defender of the American family and the right to life. I have enclosed a copy of our scorecard; as you can see, it presents visible proof that you are dedicated to promoting and protecting families and the unborn - your name and votes stand out in solid blue. Whether fighting for tax cuts, education reform, the rights of the unborn or the integrity of the family, you have worked tirelessly in the face of stern opposition to promote your values and ours.

I look forward to working with you this year to continue our joint efforts to strengthen and promote families and the sanctity of human life. Thank you again on behalf of all of us at Family Research Council.

Sincerely,

Connie G. Mackey
Vice President of Government Affairs
